The Overlook Hospital Auxiliary is an independent, volunteer organization that directly benefits our local hospital. Serving patients and their families as well as liaising with the community at large, the Auxiliary supports the entire Overlook community in its common goal of providing excellence in health care in a supportive and caring atmosphere. The Auxiliary members not only contribute thousands of hours of volunteer service each year, but also sponsor numerous highly successful fundraising efforts which help support a multitude of projects within the hospital as well as providing deserving candidates with medical scholarships in the area.

Overlook Hospital Auxiliary

Spring Luncheon
May 16, 2008
